**BUSINESS LEADER, AUTISM ADVOCATE, GREGORY C. ANDERSON  
JOINS EXECUTIVE BOARD OF ACT TODAY!**

(Tarzana, CA) - Dr. Doreen Granpeesheh, president and a founder of Autism Care and Treatment Today! (ACT Today!) , the non-profit organization dedicated to providing awareness and grant money to families who cannot afford treatments for their autistic children, is pleased to announce the appointment of Gregory C. Anderson to its Executive Board.

Anderson, a founding board member of ACT Today! brings a strong business development and marketing background to the non-profit organization. A highly respected executive, Anderson plans to implement the same successful strategies he used at the American Heart Association's Oxnard chapter and TWIW Insurance Services, LLC, where he is currently a managing member, to ACT Today!'s day-to-day operations.

The former USAF veteran and father of six children, whose youngest was diagnosed with autism, felt the urgency to devote more time and energy to ACT Today! as they expand their programs. "With one in 110 children diagnosed with autism each year, our families are facing a crisis. Given the growing incidence of autism combined with the economic downturn, I personally feel the need to be more involved with ACT Today! to assist the organization in reaching out to the community," states Anderson.

"We are thrilled to have Greg on our Executive Board," states Nancy Alspaugh-Jackson, Executive Director of Act Today! "His business acumen and experience is a valuable asset to our fundraising efforts. As our foundation continues to grow, Greg's involvement will be invaluable to our mission of helping as many families as possible."

In his role as a managing member of TWIW Insurance Services, LLC, as well as the firm's chief sales officer and member of its Office of Executives, Anderson has already made significant contributions to ACT Today!, including TWIW Insurance Services', LLC sponsorship of many of ACT Today!'s fund raising events, such as the annual Denim and Diamonds dinner and Golf Tournament.

"I'm excited at my new level of involvement with ACT Today," says Anderson, "and I'm looking forward to making a positive difference in the lives of so many children diagnosed with autism."

### **About ACT TODAY!**

*ACT Today! (Autism Care and Treatment Today) is a non-profit organization dedicated to providing funding to families that cannot afford or access the treatments their children with autism need. It was founded in 2005 by Dr. Doreen Granpeesheh, a renowned expert in the field of autism and ABA, and a group of parents who had experienced great progress with ABA therapy in treating their children with autism.
