

LOSS PREVENTION WEBINARS

Cal/OSHA, COVID-19, and Your Injury and Illness Prevention Program (IIPP)

Wednesday, Oct. 28, 2020
9 AM to 12 PM

In these uncertain times as we continue to learn how to live and work in the era of COVID-19, we need to ensure that we are doing what we can to protect our employees. Recently we have all seen and read the news headlines about Cal/OSHA and COVID-19. The news has reported on various companies being inspected with several companies receiving large fines for their apparent failure to protect their employees from COVID-19. The news articles report that some employers failed to install any protective barriers or implement social distancing procedures, etc. Often it appears that the business owners or managers were not sure of the steps they needed to take to help protect their employees. Evidently some were not aware of the potential related hazards their workers faced. So, what can you do to protect your employees and to ensure you are taking the necessary steps to protect them? Please join us for this important and timely webinar as Mr. Dan Leiner guides you through the IIPP and COVID-19. He will help you understand what you need to do to help protect your employees while reducing the potential for citations and fines.

If you have any questions or to register for this FREE WEBINAR please contact Ms. Cassie Mosman via email at cmosman@tolmanandwiker.com
