# Cal/OSHA 300 Log & Recordkeeping Review

Thursday, January 21, 2021  
9:00 AM to 12:00 AM

Please join us for a special presentation on the Cal/OSHA 300 Log & recordkeeping requirements. We will have a special guest speaker Mr. Dan Leiner, Area Manager, Cal/OSHA Consultation Services. Some of what will be reviewed includes what types of injuries and illnesses must be recorded and reported; what is the timeline for reporting a reportable injury, illness, or death; what about electronic submissions? Who must electronically submit the info and what forms, or information must be submitted?

## Topics will also include:

- Recordkeeping requirements
- Reporting the injuries, illnesses, and fatalities
- When do you report someone who tests positive for COVID-19
- How do you record a COVID-19 case
- Workplace Postings requirements
- Correctly completing the Cal/OSHA 300, 300A and 301 Forms

There are some partially exempt businesses that do not need to keep the Cal/OSHA injury and illness records unless they are specifically asked to do so by the government. To access the list of the partially exempt industries click on this link [California Code of Regulations, Title 8, Section 14300.2. Partial Exemption for Establishments in Certain Industries.](#)

If you have any questions or to register for this **FREE WEBINAR** please contact

## Guest Presenter:

### MR. DAN LEINER

Area Manager, Cal/OSHA Consultation  
BS & Master of Science degrees in  
Environmental and Occupational Health from  
California State University, Northridge.

**Dan Leiner** is the Area Manager of the San Fernando Valley Cal/OSHA Consultation Service office in Van Nuys since 2000. Previously he was an industrial hygiene consultant with Cal/OSHA's Santa Fe Springs' consultation office. Dan is an instructor with the University of California, San Diego's OSHA Training Institute Education Center. He has over 20 years of experience in the health and safety field as an industrial hygienist working in the aerospace industry; in a Los Angeles County lead-using industry outreach project, and with Cal/OSHA Consultation. He holds a BS and Master of Science degrees in Environmental and Occupational Health from California State University, Northridge.
