LOSS PREVENTION & SAFETY WEBINARS

Introduction to Workplace Safety

Thursday, May 20, 2021
9:00 AM to 12:00 PM (English)

The purpose of workplace safety is to protect the health, life, and limbs of your workforce. A good workplace safety program serves to protect your employees from injury, illness, or death by protecting them from hazards that currently exist in the workplace or that might result from a task, machine, tool, chemical or equipment that they are using or which they will use. This is extremely important. There are, however, other benefits to the company which at times go unnoticed. Those benefits can include improved employee morale, engagement, and productivity. With improved employee morale and engagement can come lower turnover rates, lower absenteeism rates, and less production problems or quality issues. Then, there is the positive impact it can have on Workers' Comp aside from not having issues with Cal/OSHA. Please join us as we review the basics of workplace safety and provide you with a good understanding of the process and steps you can take now to improve your process.

Speaker:

GILBERT J. CERVANTES

Vice President, Loss Prevention,
Safety & Health

If you have any questions or to register for this FREE webinar, please contact Ms. Susie Rodriguez at 805.585.6797 or via email at srodriguez@tolmanandwiker.com

For additional info on our services visit our website at: <http://tolmanandwiker.com/resources/>

Some of the topics will include:

- SB198/IIPP and Labor Code 6401; what are they and why they are important.
- Is there a difference between "Safety Training", "Tailgates", and "Job Specific Safety Training"?
- When must new hires receive safety training?
- What are the differences between OSHA and Cal/OSHA? Who do we listen to?
- Accidents, Incidents and Negligence.
- Disciplinary programs.
- Is retraining required by Cal/OSHA?
- When do I have to report an injury to Cal/OSHA?
- Do supervisors have responsibilities for workplace safety under Cal/OSHA?
- What about with COVID-19, do we listen to the CDC or Cal/OSHA?
- Can Cal/OSHA shut down a workplace for COVID-19 related issues?
- How do I know which programs we need in place?

This is a complementary webinar with no charge to attend for clients of Tolman & Wiker. There is a \$150.00 fee for all others. You must register to reserve your seat.
