LOSS PREVENTION & SAFETY WEBINARS

Forklift Operator Certification Train the Trainer Training

Thursday, February 18, 2021 English
08:00 AM to 12:00 PM

Thursday, February 25, 2021 Spanish
08:00 AM to 12:00 PM

Forklifts are an important part of the material handling procedures of many companies. They are extremely useful machines when safely used and operated by forklift operators who have been well trained, certified and authorized to use them. On the other hand, they can also be the cause of serious workplace injuries or deaths if not safely used or operated. In those unfortunate incidents, and depending on the severity of the injuries, Cal/OSHA will get involved. Cal/OSHA regulations state that “the employer shall ensure that each powered industrial truck (forklift) operator is competent to operate a powered industrial truck safely.” They further state that “the employer shall certify that each operator has been trained and evaluated as required...” Please join us as we look at the controlling regulation and prepare your staff to conduct the required operator training and certification.

Speaker:

GILBERT J. CERVANTES

Vice President, Loss Prevention,
Safety & Health

If you have any questions or to register for this
FREE WEBINAR please contact
Ms. Cassie Mosman, Marketing Coordinator at
805.585.6137 or via email at
cmosman@tolmanandwiker.com

For additional info on our services visit our website at:

By the end of the webinar the participants will know how and when to conduct Cal/OSHA compliant forklift training.

The person who attends the train the trainer webinar should:

- Feel comfortable presenting in front of others.
- Have good verbal communication skills.
- Have the knowledge, training and experience to train operators and evaluate their competence. (We will provide the training they need.)
- Be knowledgeable about the forklifts used in their workplace and have experience operating them. If they do not have experience, they can co-train with someone who has experience operating the forklift.
- Have a good safety record operating the forklifts.
- Know or be able to learn to use Power Point or develop their own teaching tools as needed.

This is a complementary webinar with no charge to attend for clients of Tolman & Wiker Ins. There is a \$150.00 fee for all others. You must register to reserve your seat.
